

EcoForm™

EcoForm FormBoard is 30% lighter than solid sawn lumber. The engineered wood core ensures dimensional stability while the UV-stabilized polyethylene coating prevents cracking and resists moisture. FormBoard cuts, nails and stakes just like standard lumber but is much more reusable as it eliminates knots, twisting, warping and cupping. Ideal for forming slab on grade, curb and gutter, and all other non-structural concrete forming applications.

Product Line

| Product | Product Dimension | Product Weight | Unit Size |
|---------------------------|--|----------------|-----------------------|
| 4" BenderBoard | $\frac{3}{8}" \times 3 \frac{3}{8}" \times 12'$ | 5 lb. / piece | 420 pcs. 5040 l.f. |
| 6" BenderBoard | $\frac{3}{8}" \times 5 \frac{1}{2}" \times 12'$ | 8 lb. / piece | 270 pcs. 3240 l.f. |
| 12" BenderBoard | $\frac{3}{8}" \times 11 \frac{1}{2}" \times 12'$ | 16 lb. / piece | 60 pcs. 720 l.f. |
| 1" x 4" FormBoard | $\frac{3}{4}" \times 3 \frac{5}{8}" \times 16'$ | 10 lb. / piece | 208 pcs. 3328 l.f. |
| 1" x 6" FormBoard | $\frac{3}{4}" \times 5 \frac{5}{8}" \times 16'$ | 13 lb. / piece | 128 pcs. 2048 l.f. |
| 2" x 4" FormBoard | $1 \frac{3}{8}" \times 3 \frac{5}{8}" \times 16'$ | 18 lb. / piece | 104 pcs. 1664 l.f. |
| 2" x 6" FormBoard | $1 \frac{3}{8}" \times 5 \frac{5}{8}" \times 16'$ | 25 lb. / piece | 64 pcs. 1024 l.f. |
| 2" x 8" FormBoard | $1 \frac{3}{8}" \times 7 \frac{1}{2}" \times 16'$ | 36 lb. / piece | 48 pcs. 768 l.f. |
| 2" x 10" FormBoard | $1 \frac{3}{8}" \times 9 \frac{1}{2}" \times 16'$ | 48 lb. / piece | 40 pcs. 640 l.f. |
| 2" x 12" FormBoard | $1 \frac{3}{8}" \times 11 \frac{7}{8}" \times 16'$ | 56 lb. / piece | 32 pcs. 512 l.f. |

Ecoform BenderBoard is a great alternative to redwood bender and siding with its ability to form a tight, uniform radius without the need for overnight soaking. The hardboard core enables easy staking. BenderBoard products require no special equipment or maintenance and includes a free coupling. Great for forming patios, sidewalks and decorative concrete work, EcoForm BenderBoard is the preferred choice of landscape designers and contractors.
